AR. SYED HARIS MUAZ

Cover

Dear Sir,

I introduce myself as an architect with experience of over four months in designing, execution & BIM.

I am a dedicated professional with strong result oriented approach, I have graduated from **JAMIA MILLIA ISLAMIA FACULTY OF ARCHITECTURE & EKISTICS** in 2021, currently iam working as a Bim Architect at ADPIE DESIG NOIDA UP with experience from different international clients and projects and I've been associated with **fountainhead design** for over **Four Months** and I have done my internship from **ARCOP ASSOCIATES** of **Four months**. I have gain understanding of working drawings and how to handle different stages of designing, and grasp knowledge of Software such as Revit, Cad sketch up & Photoshop.

To describe some of my responsibility I:

- I design and generated construction drawings of Roads and Ramps of AIIMS AWANTIPORA
- Generated detailed sections to analyze the contours present on site
- Coordinate with consultants of different discipline
- Prepared GFC drawings
- Generated Detailed Modelling
- Maintain Various Architectural Documents
- Actively participated in Team Meetings

I am looking to build my career to the next level and with an opportunity to work with your prestigious Company, I hope to contribute and learn more. Thank you for taking interest in my resume and I look forward to hear from you.

Yours Sincerely

SYED HARIS MUAZ
